

ACER BUERGERIANUM

Common Name: Trident Maple

Plant Size: 1 g

The leaves of this maple species have three forward-facing lobes resembling a trident. This tree tends to grow as a multi-stemmed, low-branching specimen, but it can be pruned to a single stem. The exfoliating bark reveals an orange-brown inner bark, which adds interest. Fall color tends yellow, but can have shades of orange and reds.

Current Height: 2-3'; **Mature Size:** 20-35';
Light: Sun/Part Sun; **Soil:** Moist

Price: \$29.00

Stock: 19 in stock

Tags: [☒ Attracts Birds](#), [☒ Fall Foliage](#)

ACER CAMPESTRE

Common Name: Hedge Maple

Plant Size: 3 g

This is a small, low-branched, dense, rounded, deciduous tree or large multi-stemmed shrub that typically grows to 25-35' tall. As the common name suggests, it may be pruned to form a tall hedge.

Current Height: 2-3'; **Mature Size:** 25-35';
Light: Sun/Part Sun; **Soil:** Moist

Price: \$39.00

Stock: 20 in stock

ACER CIRCINATUM 'PACIFIC FIRE'

Common Name: Vine Maple

Plant Size: 3 g

Yellow and coral red stems make a striking winter specimen. Rich green leaves adorn the stems through summer and turn yellow in fall. A large shrub or small tree depending upon pruning habits. Does well in dappled shade.

Current Height: 2-3'; **Mature Size:** 8-12';
Light: Sun/Part Sun; **Soil:** Moist

Price: \$39.00

Stock: 7 in stock

Tags: [☒ Attracts Birds](#), [☒ Fall Foliage](#)

ACER CIRCINATUM THREE CHEERS™

Common Name: Upright Vine Maple

Plant Size: 3 g

The dark green foliage is of normal size and shape, but its silhouette is an attractive flame shape, twice as tall as wide with unusually tight branch angles.

Current Height: 3-4'; **Mature Size:** 10-15';
Light: Sun/Part Sun; **Soil:** Moist **Cultivar:** 'HS12'

Price: \$39.00

Stock: 8 in stock

ACER PALMATUM 'SANGO KAKU'

Common Name: Japanese Maple

Plant Size: 3 g

This cultivar is noted for its coral-red bark that is particularly showy in the fall and winter after the leaves drop. The foliage will retain a light green-yellow color through spring and summer, and in fall it will turn bright yellow, although colder temps could change the color to a more shade of salmon.

**Current Height: 2-3'; Mature Size: 15-20';
Light: Sun/Part Sun; Soil: Moist**

Price: \$39.00

Stock: 7 in stock

Tags: [✖ Attracts Birds](#), [✖ Fall Foliage](#)

ACER PALMATUM 'TSUKASA SILHOUETTE'

**Common Name: Columnar Japanese
Maple**

Plant Size: 3 g

This cultivar leafs out in the early spring with a bright chartreuse green display. By mid-summer, this heat tolerant Japanese maple selection has rich deep green foliage. This slim and slender columnar form reaches a 6-7' width at maturity (~20 years) and has excellent fall colors with ranges of orange to bright red.

**Current Height: 2-3'; Mature Size: 15-18';
Light: Sun/Part Sun; Soil: Moist**

Price: \$39.00

MAGNOLIA MACROPHYLLA VAR. ASHEI

Common Name: Ashe Magnolia

Pot Size: 1 g

Similar to the straight species in all but stature. Produces massive leaves that stand out in the forest understory (the largest leaf of any plant endemic to North America) lending a tropical feel to the landscape. Creamy white fragrant flowers flecked with pink in the center match the foliage in size. A breeze shows the gorgeous white underside of the leaves.

Current size: 2-3' **Mature size:** 15-20';
Light: Sun/Part Sun; **Soil:** Moist

Price: \$29.00

Stock: Out of stock

Tags: [☒ Native](#), [☒ Staff Favorite](#),
[☒ Fragrant](#)

MAGNOLIA TRIPETALA

Common Name: Umbrella Tree

Pot Size: 3 g

This native Magnolia sports massive 1-2' leaves lining the ends of this often multi-trunked tree. Bowl-shaped, creamy white flowers emerge in spring and give way to cone-like pink fruits which will ripen in the fall.

Current size: 2-3' **Mature size:** 15-30';
Light: Sun/Part Sun; **Soil:** Moist

Price: \$39.00

Stock: 7 in stock

Tags: [☒ Native](#), [☒ Fragrant](#)

MAGNOLIA VIRGINIANA

Common Name: Sweetbay Magnolia

Pot Size: 2 g

One of the best small native trees for multi-season interest: fragrant, chalice-shaped white flowers in summer; red fruits, and attractive leaves with glaucous undersides in fall. Doesn't create dense shade.

Current Height: 2-3' **Mature size:** 25'; **Light:**
 Sun/Part Sun; **Soil:** Moist/Wet

Price: \$29.00

Stock: 6 in stock

Tags: [☒ Native](#), [☒ Wet Soil](#), [☒ Fragrant](#)

NYSSA SYLVATICA

Common Name: Black Gum

Pot Size: 2 g

Native tupelo has pyramidal habit with horizontal branching on older trees. Fall foliage is a blazing scarlet red to glowing orange and yellow.

Current Height: 2-3'; **Mature size:** 30-50';
Light: Sun/Part Sun; **Soil:** Dry/Wet

Price: \$39.00
